Ability to quickly edit and customize resumes word template to your taste is another great advantage. This will make your work history and skills stand out more effectively. Where to find the best MS Word Resume templates? (Envato Elements vs GraphicRiver) We just showed you two lists. List. The best professional RESUME templates for Word. One from Envato Elements, the other from GraphicRiver. What source should you use for your CV? That depends. If you think you've found the perfect resume template for the job you're aiming for, you'll need to buy it where it's available. While some items can also be published to Envato Elements and GraphicRiver, this is not always the case. Simple Anata RESUME If you're not tied to any particular CV template design, then your decision will come down to whether you want to pay a flat fee for unlimited downloads, or whether you'd rather pay a la carte. Envato Elements makes sense to you if you think you're going to use several Microsoft Word resume templates. You're also better off with Envato Elements if you want to use premium fonts, images, and icons other than those already included in the template. If this is the case, then Envato Elements is your most profitable option. Several other advantages of using the Envato element include: You're not limited to one design because you can download as many Resumes or Resume templates for Word as you need and use another for each job application. Easily customize templates as desired with other Creative Assets from Envato Elements. For example, you can easily download a beautiful and stylish or modern font to use with a resume or resume. You don't have to worry about complicated licenses and wonder if you can use the same template again. Envato Elements makes licensing terms incredibly simple. But if you only need one template and you're happy with the fonts and icons that come with it, then GraphicRiver is where you should search for your Word Resume Doc template. How to quickly customize your professional RESUME in Word Once you've found the perfect resume template, it's time to customize it not only to reflect your education and skills, but also your personality. Fortunately, customizing a template for a resume of words is easy. Follow the steps below and you'll create an outstanding RESUME. As an example, we will use doc Envato Elements' professional RESUME. 1. Add your own data The first thing you should do is replace false information with your own. All you have to do is click on the section of your CV that you want to edit, select, and delete a fake copy. Now start entering your own data. 2. Add a logo If the RESUME template comes with a logo placeholder, you'll need to replace it with your own logo. This will allow you to establish your personal brand and make you more recognizable. To replace an existing logo, first click on it and delete it. Then click the Insert tab, select Pictures, and choose File Picture. Browse the folder that has the logo image and insert it into the resume template. Add a logo to MS Word Resume Template 3. Customize colors With this out of the way, it's time to adjust the colors that your MS Word DOCX resume template. Do this by right-clicking form element and select a format object. You'll notice a sidebar to the right where you can click fill and select the color you want. Customizing the colors of an MS Word template is easy. 4. Finally adjust the fonts, tweak the fonts by selecting a paragraph, and selecting a new font from the drop-down menu. Then, do the same for the titles. Or click the Design tab, select Fonts on the ribbon. Then select the set of fonts you like from the drop-down menus. This allows you to change fonts in only one place. The changes will affect the entire professional resume format doc. Change the fonts on your DOCX resume template You just customized your resume template! 5 Quick Resume Writing k&mp; Design Tips for the Perfect Resume in 2020 Even if you bought a professional RESUME template, you still need to know how to get the most out of them. Below are some stellar tips on creating the perfect Resume, from how to write a great resume to how to customize it in Word. Before you jump into them, review this guide that covers the process of creating a great RESUME: Resumes How to make a great professional RESUME (For top 2020 jobs) Laura Spencer Now for quick-free RESUME tips: 1. Make your RESUME fit in position and opportunity To ensure that you are shaping your RESUME to help with exactly the type of position the employer is looking for. Include information about yourself that relates to what they need. Tell an interesting story on your CV and make sure your skills and work history stand out. 2. Rely on columns In the cv design, you want to make it easier for readers to quickly see the most important areas. Keeping their eyes leading with pillars is vital to help them get the most important meals. Be sure to structure your CV well. You can see the use of clean design and clear columns in the RESUME design shown below. Clean word resume design with clearly defined columns. 3. Use sidebars and call outs Your goal must be to make the most impressive info pop up to your readers. So use the sidebar to list all your significant successes and achievements. A call in the middle of a copy of your RESUME focuses attention on a significant detail while also breaking some of the text. Learn how to further customize your Word Resume template: Resumes personalize a modern resume template in Laura Spencer's MS Word: Be different Something as simple as changing the orientation of your professional resume doc, or using infographics, will make you stand out in no time. You're not afraid to make your résumé more creative. Also, spend time adding your personal branding to your RESUME. The creative design of the Word RESUME template below makes it easy to personally brand. Use of outstanding infographics with minimal, professional aesthetics. Creative Word RESUME Template with Design 5. Aim for Brevity Don't write too much on your CV as it should suit your Experience. For example, if you are still in your 20s, then one page will suffice. If you've been working for a while, still don't include everything you've ever done to avoid losing the attention of your readers. Instead, curate your work experience to suit the job you're applying to and keep it on no more than two pages. 5 Top Professional Word Resume Trends for 2020 With tips from the last part, your professional RESUME is almost ready. To increase the chances of your RESUME being seen, you'll need to check out these latest trends: 1. Toned colors Black and white resumes aren't a thing of the past, but they're not the only option you have. Using a Word color template resume can help you get in front of a package. You don't have to go too colorful. One or two complements to the tones will work great. This CV Word file download template has colors that complement rather than override your content. 2. Experience in numbers Previous work experience is on each CV. But what recruiters really want is to see your influence quickly. That's why it's becoming increasingly popular to show your influence in numbers. It's a big trend that's used to help skimming recruiters interested in you as candidates. 3. Link to social networks More and more employers are looking to social networks to understand who their candidates are. This trend will help you look more personable. If you know that your social media is not entirely professional, feel free to ignore the trend or connect with your LinkedIn. Share your social media presence with this modern Word template resume. 4. Emphasis on soft skills Make sure you have shown recruiters that you are a candidate who can fit into a team with this trend. As you create the skills section of your RESUME, discuss the characteristics you have outside of technical areas. In a crowded labour market, this can be the deciding factor. This is one of the best resume templates for Word that naturally includes soft skills in your design. 5. The choice of verbs of useful action verbs has become increasingly important in 2020. Action verbs show up as a way to go on resumes. They make your RESUME stand out. Here's an excellent list of action verbs to use from Muse. Common RESUME Questions answered (FAQs) Now that you have some examples of Word resume templates, you may have some questions. Here's a list of some of the RESUME and RESUME FAQs along with some answers: 1. Should I customize my RESUME? You should customize your CV for each job you apply to. It's easier to customize your RESUME when you're using a resume template in Word. Templates are organized to help you provide relevant information. Keep the template, but change the information about it. You should only have information on your CV that is relevant to your CV to which you are applying. For some examples of professional templates for Word and other tools, review this article: Resumes 25+ Attractive Resume (CV) Templates with elegant aesthetics by Brenda Barron Barron Is my resumé too long? Your CV should be no longer than one page unless you are asked for a longer CV. If you add everything to your RESUME and realize it's too long, cut some parts. Edit your work experience so that you only have work experience relevant to the job you are applying for. Check out the guide below for more details on how to make a RESUME: Resumes How to write, design, and make a simple pro resume quickly with Sarah Joy 3 templates. What is the best CV or CV format? There are several formats you can have for a RESUME or RESUME. One popular format is a chronological resume. The second is a functional resume. The chronological format of your CV works if you're going into a conservative career. The functional format is great to use for someone who doesn't have a lot of work experience. Here's an article that includes the best modern CV templates for Word and other tools in different formats: Resumes 29 Cool k&mp; Colorful Resume CV Templates (To Be Creatively Highlighted in 2020) by Andrew Childress 4. Should I list my work achievements? You need to list your work achievements because your future employer wants to know how you add value to a previous company. Put your achievements in the awards or achievements section of your CV. 5. Do I need to add infographics, videos, etc. You should only add these things if you are applying for a job that wants you to use your creative skills or request these types of samples. If you are not applying for a job in the creative industry or after, they could seem unprofessional. Here's a list of some of the best RESUME and RESUME templates for Word: Resumes 20 Best Free Pages k&mp; MS Word Resume CV Templates (Download for Mac 2020) by Barron Learn More About Making Great Resumes The above tips are a great starting point that will allow you to customize your MS Word resume template.
